FOUNDATIONAL HEALTH

Bone Broth Protein Power is a convenient, satisfying way to support joint and muscle health. Each bar delivers 13 g of bone broth protein (HydroBEEF™), rich in hydrolyzed collagen and beef protein, along with pea protein crisps for a complete amino acid profile. HydroBEEF™ is sourced from grass-fed Swedish cows raised without added hormones, providing the premium protein you expect from bone broth. This bar is sweetened primarily with allulose, a rare sugar that naturally occurs in small amounts in foods like figs, raisins, jackfruit, and maple syrup.

Fuel Your Journey with Premium Protein.

Bone Broth Protein Power is a nourishing source of complete protein that supports muscle recovery and joint health. It also delivers naturally occurring collagen, which makes up about 30% of the body's total protein and serves as an essential building block for skin, teeth, joints, tendons, and bones.

Joint Health: Collagen-rich proteins, like bone broth, can support joint flexibility and mobility.

Muscle Health: Protein and collagen promote muscle strength, structure, and efficient recovery.

WHAT'S INSIDE: (per 55 g bar)

- 200 calories — a portion-controlled, satisfying snack
- 12 g total fat — mainly from coconut oil
- 25 g total carbohydrates — with 0 g total sugar and 0 g added sugars
- 8 g dietary fiber (30% DV) — nearly a third of your daily fiber needs
- 13 g protein (9% DV) — mainly from grass-fed bone broth collagen protein
- **Clean Ingredients** — free from soy, gluten, dairy, GMOs, and artificial colors/sweeteners
- 4 g net carbs[†]

[†] The Net Carbs for one bar is 4 g and is calculated by subtracting the dietary fiber (8 g) and other low glycemic carbohydrates (13 g from allulose) from the total carbohydrates (25 g). Individuals who monitor their carbohydrate intake may deduct these low glycemic carbohydrates from the "Total Carb" count (in the Nutrition Facts panel) due to their minimal impact on blood sugar.
